Critical sub-clause from A13 amendment:

Clause: 24 Components:

Sub-Clause: 24.1.7 - If the **remote operation** of the appliance is via a telecommunication network, the relevant standard for the telecommunication interface circuitry in the appliance is IEC 62151.

Replace by:

Sub-Clause: 24.1.7 - If the **remote operation** of the appliance is via a telecommunication network, the relevant standards for the telecommunication interface circuitry in the appliance are EN 41003 and EN 60950-1:2006, Sub-Clause 6.3.

On which products shall this clause be applied ?

The electrical household appliances which are provided with remote operation via telecom or internet for control/functioning of the appliance. For example, the
